

ACTION PLAN

WHERE YOU
ARE NOW

WHERE YOU
WANT TO BE

1. What do you want? Where do you want to get to? Try to be as specific as possible!

2. Where are you now? What's your current reality?

3. What are the main obstacles in your way?

4. What can you do to overcome these obstacles? What options do you have?

5. Based on the options you have identified, **what** will you do? **How** will you do that? **When** will you do that by? **Who** else do you need to involve? **Where** will that happen?
